

GLOBAL DIAGNOSIS EDUCATION – A DIGITAL STUDY CLUB

Global Diagnosis Education is a virtual study club/continuum. It will be based on our Global Diagnosis system of diagnosis and treatment planning. We will talk about everything from single tooth dentistry to full mouth rehabilitation and will have an emphasis on occlusion/TMJ and sophisticated restorative dentistry. We will be recording every lecture and putting them into a library which will be available to all members. This will be an ongoing process with the goal of growing interdisciplinary dentistry in your practice. Your investment is \$99 per month
